

INSTRUCTORS AND AIDES (Grades 6-12)

Applications are now open for Lake Geneva's 2019 Safety Town!

Safety Town is an early childhood safety education program designed for children who are at least 5 years of age and who are entering 5K kindergarten in the Fall. During a 15 hour program (3 hours per day for 5 days), children learn safety behavior under the guidance of certified teachers and qualified professionals such as firefighters and police personnel. Children learn safety lessons through role playing, games, art projects, stories, movies and field trips.

This is a great volunteer opportunity for you to become involved as an Instructor or Aide as you would work with the children and helping them learn about Safety. We look forward to you joining us!
