WHERE: Lake Geneva Middle School
600 Bloomfield Rd, Lake Geneva 53147

WHAT IS SAFETY TOWN?

Safety Town is an early childhood safety education program designed for children who are at least 5 years of age and who are entering 5K kindergarten in the Fall. During a 15 hour program (3 hours per day for 5 days), children learn safety behavior under the guidance of certified teachers and qualified professionals such as firefighters and police personnel. Children learn safety lessons through role playing, games, art projects, stories, movies and field trips. Children will also learn traffic and bike safety by driving their "cars" in Safety Town. Learning experiences are designed to be fun and non-threatening, so children look forward to every day of Safety Town.

The program has been in existence in Lake Geneva for over 38 years. Now many Safety Town graduates are sending their own children to Safety Town

- Traffic and Bike Safety: drive our "cars" in Safety Town.
- Dog Safety and Be Safe around Poisons in the home.
- Field trip to the Fire Station and Be Safe on the Bus and on the Playground.
 - Fire Safety and Safe Escape from the Smoke House
 - Water Safety ● Stranger Awareness
 - Learn your address and Emergency Phone Number

REGISTRATION WILL BE CLOSING ON JUNE 1, 2019
